

# Drilling & Marching Handouts

January 23-25, 2015

Presented By John Jean-Baptiste, MBA / NEC Certified Instructor

***Purpose-*** To allow the Drill Leaders in the Atlantic Union Conference to foster good leadership skills and spiritual habits that will ultimately help to win souls for Christ. This will also enable the youth of our church to be more effective in their Drilling & Marching ministries. As a result, it will help to create knowledgeable leaders in our federated areas.

***Objective*** – To train Drill leaders to meet the standards set forth by the Atlantic Union Pathfinder Federation. This will enable each individual to impart everything that they have learned on a local level in their pathfinder clubs.
